

MATERIAL & SAFETY DATA SHEETS

PRODUCT	ODO CARE FRESH
SHEET VERSION/DATE	1.1 / 02Apr18

1. PRODUCT AND COMPANY IDENTIFICATION

Function	Biological odor controller
Description	The product is a technologically advanced odor controller formulated for use on hard surfaces and carpets. It is unique formulation that provides instant binding of odor causing molecules and destruction of bound odor molecules in a single application. This is result of intensive R&D efforts to engineer odor controller-cleaner combination that goes a step beyond other products available. It is fully biodegradable and completely environment-friendly.
Manufactured at	Survey No. 271/8, Ingawale Patil Estate, Paud Road, Pune (India) - 412115
Emergency contact	+91 98 1603 1603

2. AREAS OF APPLICATION

- Bathroom and Public Area Rest rooms. Locker rooms.
- Carpet and Upholstery Stain and Odor Eliminator Fitness facilities.
- Laundry rooms / Loading docks
- Elevators.

3. BENEFITS & ADVANTAGES

- Effectively controls all major classes of malodorous compounds.
- Deep-cleans by penetrating the pores of surfaces, carpets and underlying areas and degrading residual organics. Prevents the return of persistent mal odors by removing the source.
- Removal of stains from fabrics with non-resolving cleaning capabilities.
- Eliminates lingering organic odor and bring nature's secret indoors for a fresher, cleaner environment.

4. DIRECTION FOR USE:

Mix contents well. Test an inconspicuous area for color fastness if being used on carpets, upholstery or fabric. Apply as direct spray, not as atomizer.

Shelf Life & Storage: 2 years at 2^o C to 35^o C. Store in cool, dry place

Precautions: While this product is non-toxic, non-corrosive and non poisonous, it is nevertheless wise to keep it out of reach of children, and to follow basic precautions of use. Wash hands with warm, soapy water after use. Avoid contact with eyes, open cuts or sores. In case of eye contact, flush with water for 15 minutes. Call a physician. Do not use this container for storing beverages or other liquids. Contains Bio Active Formulation contains no phosphorus.

5. DESCRIPTION/PROPERTIES (nature, reactivity)

Odo CARE is completely soluble and highly effective odor neutralizer containing a blend of non-pathogenic micro—organisms and free enzymes that produce an enzymatic activity to degrade organic matter. Odo CARE has unique formulation that provides instant binding of odor causing molecules and destruction of bound odor molecules in a single application.

6. COMPOSITION / INFORMATION ON INGREDIENTS

Non pathogenic organisms — NOT CLASSIFIED AS HAZARDOUS

HAZARDOUS COMPONENTS	% W/W	SYMBOL	R PHRASES	Cas No
Proprietary Blend microorganisms	10%	-	-	-
Perfume	0.2%			
Preservatives	01%			

7. HAZARD IDENTIFICATION

- a. Fire/Explosion Hazard (stability, flammability, combustion products)
Not classified as flammable or combustible material. Aqueous suspension.
- b. Health Hazard (inhalation, ingestion, contact with skin or eyes)
Not classified as hazardous for use. May cause irritation on prolonged or repeated skin contact. As with all surface—active chemicals, care should be taken to avoid prolonged skin contact. Low risk from inhalation. Low order of acute oral toxicity but do not ingest.
- c. Environmental Hazard
Not classified as hazardous to the environment.

8. FIRST AID MEASURES

- Inhalation : Very low risk in normal usage since product is non—volatile. Mist may cause irritation to the respiratory tract. If affected, remove to fresh air, keep warm and at rest. Obtain medical attention in severe cases.
- Skin Contact : Avoid unnecessary contact and keep away from broken skin or open wounds. Wash thoroughly all affected areas with soap and water. Remove contaminated clothing and launder before re-use. Wash hands before eating or drinking.
- Eye Contact : Irrigate with plenty of clean running water. Seek medical attention if irritation persists.
- Ingestion : Do not swallow, rinse out mouth with water. Do not induce vomiting. If swallowed in quantity seek medical attention as a precautionary measure. Material may cause stomach disorder. Irritation of the mouth, pharynx esophagus and stomach can develop following significant ingestion.

9. FIRE FIGHTING MEASURES

Suitable extinguishing media: Since the product is not combustible or flammable, if involved in fire, use extinguishing media appropriate to the source of the fire.

Protection for fire fighters: Wear self-contained breathing apparatus. Wear protective clothing.

10. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Mark contaminated area with signs & use excess water to clean
Environmental Precautions	Product is not environmentally hazardous, on the contrary it favors digestion of oils & grease in sewers, WTP's & WWT facilities.
Clean Up Procedures	Disperse spillages with excess of water in the drains.

11. HANDLING & STORAGE

Handling	After handling wash hands with soap and water.
Storage	May be stored for period of one year in plastic containers as supplied. Avoid temperatures above 45 ⁰ C and protect from frost. Keep in cool and dry place. Use in 8 hours of dilution.

12. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls	Provide eyewash station
Personal Protection	Hand - Use of rubber gloves recommended. Eyes - Use of safety glasses recommended.

13. PHYSICAL & CHEMICAL PROPERTIES

Density	1.01	Appearance	Liquid Straw
Vapor Pressure	Equivalent to Water	pH Value	7.0-8.0
Solubility in water	Completely Miscible	Flash Point	Non-flammable
Fragrance	Natural organic		

14. STABILITY & REACTIVITY

Stability	Stable
Materials to avoid	Avoid contact with strong oxidizers. Strong acids or alkalis may render the product inactive.
Temperature	Avoid extremes of temperatures

15. TOXICOLOGICAL INFORMATION

Health Effects	
Respiratory	Mist may cause irritation to the respiratory tract.
Skin	May cause irritation on prolonged or repeated skin contact.
Eyes	May cause irritation.
Ingestion	May cause irritation in mouth, throat, stomach and intestinal canal.

Contains non-pathogenic bacterial cultures.

16. ECOLOGICAL INFORMATION

Degradability	All components are readily biodegradable.
Bioaccumulation	No bioaccumulation is expected.

The product is biodegradable and water-soluble.

17. DISPOSAL CONSIDERATION

Disposal methods Dispose of under Local Authority Guidelines

18. TRANSPORT INFORMATION

Not classified as dangerous for transport.

19. REGULATORY INFORMATION

Not classified as hazardous for use.

20. SAFETY PHRASES

S2 Keep out of reach of children.

S26 In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

S46 If swallowed seek medical attention and show the container or label

21. OTHER INFORMATION

Biological odor controller

Please Note: The information in this Safety Data Sheet is based upon knowledge available at the time of compilation. It is intended to describe the product only in terms of Health & Safety requirements. It does not signify any warranty with regards to specific properties or specifications.
